

Project Learning Tree® announces
The Barbara Pitman Outstanding Educator Memorial & Legacy Fund

We are deeply saddened by the sudden loss of our dear friend and colleague, Barb Pitman. Barb's passion for excellence in environmental education touched the lives of all who had the great fortune to know and work with her. She will be sorely missed for her warmth, compassion, and good humor, and for her dedication to the environmental causes about which she cared so deeply.

At the request of Barb's family, Project Learning Tree has established a Memorial & Legacy Fund to honor her loving memory and to celebrate her decades-long commitment to environmental education.

Your tax-deductible contribution in Barb's memory will support PLT's Outstanding Educator Awards Program which celebrates and honors PLT educators who share Barb's enthusiasm for environmental education and high educational ideals.

Enclosed is my \$ _____ contribution in memory of Barb Pitman. Please make checks payable to Project Learning Tree.

Your contribution will be acknowledged to Barb's family. For more information or to make a contribution by phone, please contact Project Learning Tree at 202-463-2475. Please mail your donations to Project Learning Tree, 1111 19th St. NW, Suite 780, Washington, DC, 20036. To make a contribution online visit WWW.PLT.ORG.

Project Learning Tree is one of the largest and most widely used environmental education programs in the world. Its award winning, broad-based environmental education curriculum is designed for educators of PreK–12th grade students. PLT works through a vast network of over 500,000 PLT-trained educators, international, national, state and local partners, and sponsoring organizations in all 50 states and around the world.

For 30 years, PLT has collaborated with a large variety of partners to develop new curriculum materials, provide educator training, reach diverse communities, and create new initiatives for innovative teaching and learning opportunities. PLT's Outstanding Educator Awards Program annually honors five PLT trained educators who demonstrate a strong commitment to environmental education, exceptional teaching skills, exemplary use of PLT in classroom projects, and sustained use of PLT.
